Question: How important is it to attract plants like Nissan to Mississippi?

Site Selection Magazine has selected Nissan as one of the top 10 economic development projects in the nation. This shows that Mississippi can compete for jobs anywhere anytime. In the face of a national recession, Mississippi has attracted over a 6 billion dollar investment and 21,000 new jobs in the past two years. This Nissan project and our Advantage Mississippi Initiative is already changing the economic landscape of Mississippi. We are proud of what we have done and we will continue to compete globally to bring new jobs to Mississippi.
