

To Newcomers & Visitors to Panola County:

Welcome to our beautiful and exciting county! Whether you're here to live, work or play, I know you will agree that Panola County has a great deal to offer. With quality public schools, a strong economy and a host of leisure activities, it's a great place to raise a family or enjoy retirement.

Panola County's location, resources and people all combine to form an attractive package for employers. As Mississippi aggressively pursues new businesses and works to help existing industry grow and expand, Panola County is poised to make the most of these efforts.

And with our beautiful lakes, golf courses and other outdoor destinations, Panola County is a great place to play. If your favorite pastime is water skiing or hunting, teeing off or simply being outdoors, this is where you'll want to be.

I grew up in Panola County, and before being elected Governor, I raised my children there. No matter where I travel, it's the place I'll always call home.

Take the time to enjoy everything Panola County has to offer. I promise you won't regret it.

Very Truly Yours,

Ronnie Musgrove
