

**MEMORANDUM**

April 11, 2003

TO: Governor  
FROM: John  
RE: WorldCom  
CC: Lee Ann, Bill

You are aware that the WorldCom story has broken today. AP has a story on the wire (see attached) but we have had no media calls. Sherry has put together the attached talking points on the issue for your review, and a copy will also be included in your briefing book for the New York trip next week.

WorldCom is still planning to formally announce the changes on Monday.
