

MEMORANDUM

June 16, 2002

TO: Governor

FROM: John

RE: American Association of Motor Vehicle Administrators (AAMVA)

You are scheduled to bring welcoming remarks during the opening ceremonies of the Region II conference of AAMVA (see attached program). You will be introduced by Lester Herrington, who also serves as Region II President of AAMVA.

I spoke with Commissioner David Huggins. He said the most important things to mention are the new driver's license being developed by the state, and the importance of a standard driver's license for increased security nationwide.
