

## **MEMORANDUM**

December 11, 2002

TO: Governor

FROM: John

RE: Press conference on remote sensing technologies report

This press conference is being held for the Advisory Commission on Remote Sensing Technologies to present you with their final report. You will open the press conference with a few brief remarks, followed by Charles Chisholm.

After Chisholm speaks, you can open the floor to questions. Robert Latham, Bob Rohrlack and David Litchliter are not scheduled to speak but will be available to answer questions about how remote sensing technologies can benefit work in homeland security, economic development, etc.
