

## **MEMORANDUM**

December 6, 2002

TO: Governor

FROM: John

RE: Mississippi Minute

This week's Mississippi Minute is attached. The spots, when played on the radio, tend to sound a little "tinny." I have shortened the length a little bit; I think it would sound better on the radio if you were to slow your speaking somewhat so that your voice will drop. Taping the spot over the phone isn't the most ideal way to do it, but I believe this may help.
