RE: Interview request from John Poretto

CC: Phillip
Lee Ann

John Poretto with the Associated Press called this morning to request a few minutes on the phone with you regarding:

- The costs of the Hyundai project versus the cost of the Nissan project. He wants to talk about the risk versus the investment – do you think it is worthwhile?
 - Cost of Hyundai project (according to MDA) -- \$395,000
- A conversation he had with Dr. Mal Morgan in Natchez. John would like to hear how the meeting last night went from your perspective.
