

MEMORANDUM

March 14, 2003

TO: Governor

FROM: John

RE: Jackson Rotary Club

I spoke with Lisa regarding this event and the message; she wanted to stick with education and jobs for this audience. Bullet points on these issues are attached. I've also attached copies of recent articles from The Detroit News and the New Orleans Times-Picayune; these articles are mentioned and cited in your bullet points. There are some really good quotes about economic development and what the state has done under your administration.
