

MEMORANDUM

March 18, 2003

TO: Governor

FROM: John

RE: Mississippi News Network

I understand that earlier today you called Corey Wofford with Southern Urban Network to give him some audio regarding the homeland security. Corey called Lee Ann this afternoon and said he had had some problems with the taping, and wanted to know if you could call in again. If you have a moment in the morning, Guy Austin could do the taping and get it to Corey. The bullet points on homeland security are what they need. The phone number is 957-8877.
