RE: Lockheed Martin lease signing

Your remarks for the event are attached.

At the beginning of this event, the participants will be seated at a table. You will stand and speak first, then introduce Bill Hansen from Lockheed Martin. As he speaks, you can move to the seat at the end of the table. Following his remarks, the ceremonial leases will be signed. Sherry Vance and I will have the leases, and pass them to you one at a time. After you sign a copy, you will pass it along to Bob Rohrlack, who should be seated next to you. He will sign and pass it on, etc.

Six copies of the lease will be signed; one copy will be available for each of the participants.
