RE: Dedication of The Earth Lab's "Eco-House", April 22, 2002

Bishop Chip Marble of the Episcopal Diocese will introduce you at this event. Other speakers include Bill Nickles, Director of The Earth Lab, and Johnny Keese, Executive Director of the Gray Center.

The Eco-House is an environmentally designed house. It has a roof designed to catch rainwater for use within the house, solar panels for heat and electricity, etc. It will be used as a teaching project for students.
