Mr. Woody Carter
683 R.V. Lindley Road
Moselle, MS 39459

Dear Mr. Carter:

Thank you for your letter regarding the recent legislation passed that requires all automobile drivers to carry liability insurance and proof of that insurance. Many citizens have expressed concern about the impact this law will have on the less fortunate citizens of the state of Mississippi, and many have expressed gratitude in this law. Several states already require drivers to carry liability insurance and proof of that insurance. During my next four years as Governor of Mississippi, I plan to work closely with the Senate and the House of Representatives to insure a better life for all Mississippians.

Very truly yours,

RONNIE MUSGROVE
