RE: Outdoor story by Barin Foregger

CC: Lee Ann

Barin Foregger is working on story about you and the outdoors for publication later this month in the Vicksburg Post and the Wayne County News. The questions are fairly broad (they're listed below). If possible, he'd like some photos of you hunting.

Questions:

- How did you get involved in the outdoors?
- Who played a key role in teaching you about the outdoors?
- Which do you prefer, hunting or fishing? Or both?
- Share your favorite hunting and fishing trips.
- What is your favorite game to hunt?
- How is this a challenge to you? What makes it worthwhile?
- What is your weapon of choice?
- Do you have any big hunting trips planned for 2002?
- How has growing up in rural Mississippi and spending time outdoors affected your character?
- Can you share any memorable hunts in Panola County?
- Are you teaching your children about the outdoors?
- How do you promote an appreciation for the outdoors to your children?
- Can you share any stories about a memorable hunting or fishing trip with Jordan or Carmen Rae?
- Give your thoughts on wildlife management with Mississippi's borders.
- Give your thoughts on conservation practices underway in Mississippi.
- In your opinion, what can Mississippi sportsmen do to preserve and enhance their vast outdoor resources in the state?
