Governor:

I spoke with Larry Templeton. He said you need to be on the MSU sideline, at the 50-yard line, at 6:00 pm. You should be prepared to go onto the field at approximately 6:15pm. He didn't have any other details with him, but will try to fax something to me asap. If I get more details, I will send them to you via pager.

I just had a call from Emily Wagster. AP is working on national reaction to President Bush's speech tonight. I am attaching a piece I got off the AP wire with some of his comments. Emily was asking if they could get you to call in a quote to the AP bureau tonight if you have time. The number there is 948-5897.

My cell is 942-7698, home is 368-9340.
