RE: Assorted issues

Regarding the event at the Crowne Plaza (Mississippi Management Seminar for Non-Profits), you are scheduled to speak for 5-10 minutes, prior to the keynote speaker. The keynote speaker is a woman named Trace Woodard from Nissan. I have made repeated calls to the MS Center for Non-Profits, but haven't had much help on the details for this event.

I'm attaching a copy of the script for tomorrow afternoon's session in the Capitol office, where you'll be taping a PSA for the Department of Education. They will be setting up around 2pm, so when you come in at 3pm they'll be ready to go – you can come in, do the taping, and be done. There will be a 15-second PSA and a 30-second PSA; both very straightforward and simple. Kelly and I will be there for the taping.

For your information, I'm attaching a copy of the fax from Jon Levingston that I told you about, along with an editorial he sent from Saturday's edition of the Clarksdale paper.
