Phil and I just dropped our checks in the mail . . .I like the idea too, but is Musgrove going to spend \$10.00 a piece on us? (ha, ha)

Subject: Christmas Present for Gov

I'm coordinating this year's Christmas gift for the Gov. Marilyn has kept the pens he has used to sign significant pieces of legislation (Advantage MS, teacher pay, education first, etc.) and other documents (i.e., the Nissan deal). It has been proposed that we have these pens framed in a shadow box type setting as our Christmas gift to him - sort a culmination of our 4 years of work.

As always, your financial participation is voluntary and is definitely appreciated. Certainly there is no minimum - please give as you feel you can. However, if everyone could manage to give approximately \$10, it gives us about \$200-250 to work with.

Also, if anyone has any ideas other than the shadow box - OR if you think the shadow box idea really stinks - please let me know. The sooner you can get me the money, the better. If I don't hear any negatives about the shadow box by Friday morning, I'll be getting prices and will let y'all know more details later.

Again, this is voluntary. Please see me if you have any questions.
