Here is a rough draft for a letter to accompany the Smithsonian quilt:

Dear XXXX:

Thank you for inviting the Governor and me to participate in your quilt project. This unique quilt will hold significant historical perspective for generations to come, as it will depict the leadership of our country's fifty states as we all embark upon this new century together.

We wish you well in this endeavor and hope that you, too, will continue to set unprecedented goals and to achieve unparalleled progress.

Respectfully yours,
