Dear Bill Price:

Thank you for the information you forwarded to Governor Musgrove concerning your idea for Mississippi to resell its used school textbooks. Governor Musgrove appreciates citizens sharing information, thoughts and concerns with him. Your letter shows that you have done your research on the issue and put a great deal of thought into your proposal. I will keep your information on file for future reference.

Again, many thanks for taking time to share this information with Governor Musgrove.

Very truly yours,

Kelly L. Riley
