Room 2
Second Grade Class
Crestwood School
730 Crestwood Drive
Meridian, MS 39301

Dear Room 2:

Governor Musgrove greatly appreciates your support and words of encouragement. Your designs for the flag were wonderful. It is delightful to know that you have taken an interest in the debate surrounding our state flag. In your letter you talked about how your teacher told you that the lessons that you cover in class are similar to what the Governor uses everyday. Well, that is true. The duties of the Governor include all of the things that you are learning in your classes: things such as reading, math and social studies. Your class will benefit greatly from all of the new and interesting things that your teacher has taught you.

Again, thank you for sharing your designs for the state flag.

Very truly yours,

Kelly L. Riley
Policy Liaison
