Dear Mr. Harral:

Thank you for the resolution you forwarded to Governor Musgrove concerning the many transportation issues of the Mississippi Gulf Coast. The changes that you seek to have implemented for the Coastal area of Mississippi are not only of great importance to you, but to the Governor as well. The Mississippi Gulf Coast is one of our states most visited attractions and all concerns that will help to better the area are definitely worth taking into consideration. This information will be kept on file and viewed by the proper officials.

Again thank you for taking time to share this information with the Governor.

Very truly yours,

Kelly L. Riley
