LtCol. John A. Plummer  
481 Fairview Avenue  
Sidman, PA 15955

Dear Lt. Plummer:

Thanks for the information you forwarded to Governor Musgrove regarding the Student Self Improvement Camcorder System. School shootings and student violence in our school system is a highly important issue. It is a matter that deserves great attention and concern. Your proposal shows that you have dedicated valuable time and research to implement a program that will help to cut down the violence in our school system. I will keep your information on file for future reference.

Again, many thanks for taking out time to share the information.

Very truly yours,

Kelly L. Riley  
Policy Liaison
