

DRAFT E-Government Oversight Commission (drafted from e-government commission EO)

EXECUTIVE ORDER NO. 837

WHEREAS, "Electronic Government" is an important endeavor that will enable citizens and businesses to interact with a more streamlined, service-oriented government; and

WHEREAS, in a streamlined, service-oriented environment, citizens and businesses may receive information, use the government services, and become involved in a more active dialog with their state government; and

WHEREAS, successful "electronic government" will be achieved when all of Mississippi's citizens and communities have the opportunity to use the tools of technology, including the Internet, to actively participate in and access their state government; and

WHEREAS, it is very important that the state approach electronic government from a total enterprise perspective to increase efficiency and effectiveness of state government;

WHEREAS, the continued oversight of E-Government implementation should be guided by professionals from both the public and private sectors to ensure efficient development of state resources; and,

WHEREAS, the issues of privacy and security are fundamental concerns of the public at-large in accessing the Internet and must be addressed from an enterprise approach; and,

WHEREAS, the implementation of the E-Government activities should be overseen by the highest policy-level officials; and,

NOW, THEREFORE, I, Ronnie Musgrove, Governor of the State of Mississippi, by the authority vested in me by the Constitution and laws of the State of Mississippi, do hereby create and establish the Electronic Government Oversight Commission ("E-Government Oversight Commission") and order the following:
