---

You are scheduled to attend the monthly meeting of the Governor's Commission on Physical Fitness and Sports today at 10:00 in the Board Room of Baptist Hospital. The Commission expressed its interest in the following to me at its May meeting:

1. **What are your goals for the Commission? Is there anything in particular that you would like the Commission to work on?**

You had expressed an interest in the Commission completing its Report Card on the physical fitness/health of Mississippians during your meeting with Dr. Joe Cole and Ron Cain. The Commission is planning to have this Report Card completed in time for the August 21 Health Summit in Tupelo.

You could also suggest that the Commission continue to support other activities aimed at increasing awareness of physical fitness such as the State Games and the Senior Games. The Commission could also develop a plan for expanding its work with in schools and in state agencies.

2. **The Commission will probably inquire as to the status of its appointments.**

Kathy and I have requested Cathy Ward, Commission Secretary, to submit a list of potential appointees for the 13 positions, with the understanding that you have discretion in making the appointments. Kathy received the list yesterday and is preparing recommendations/letters for your approval.

3. **What insights do you have as to potential funding sources for the Commission?**

The Commission receives no state funding. Federal grants and private foundations are potential funding sources.
