November 27, 2001

Mr. Donald W. Loper
Director of Communications
Department of Public Safety
Post Office Box 958
Jackson, MS 39205-958

Dear Mr. Loper:

Pursuant to the Federal Communications Commission Public Notice, DA 01-406, the governor of each state is to designate a person to be responsible for making application for a State License for frequencies that are coming available for use in the newly designated Public Safety Band of 700 MHz. These frequencies are to be used for statewide interoperability. The principal purpose of this new segment of frequencies is to protect the safety of life, health or property.

I hereby appoint you as the designee to make application on behalf of the state of Mississippi, in the name of the Governor's Office, for the frequencies. If I may ever be of assistance, please do not hesitate to contact me.

Very truly yours,

RONNIE MUSGROVE
