

Dr. Tony Webster is married with 3 children. He is currently employed at the Mississippi Department of Education as Director of Scholastic Development and previously worked in the Office of Academic/Vocational Education in Educational Equity. He received his Doctor of Philosophy from the University of Arizona, Masters of Arts from Western New Mexico University and Bachelor of Arts from Kentucky State University.

Funding Your Education

The mission of Scholastic Development is to administer and provide assistance and oversight for the Robert C. Byrd Honors Scholarship Program, the United States Senate Youth Program and the Student Services Delivery System. The major objectives include (1) planning, developing, and implementing scholarships, leadership development and student financial assistance programs statewide, (2) conducting program audits and making recommendations for revisions and modifications to program procedural processes, and (3) managing the scholarship, leadership development, and student financial assistance process.
