

HB 446: power of municipalities to change streams, extend repealer

This bill changes the requirement for local approval of all taxes levied for the purpose of changing streams, building bridges or anything that “will promote the health, comfort, can convenience of the inhabitants of such municipality to 60%. Under current law, the approval requires 50%. It also extends the repealer to 2005.

DEQ does not have any problems with this bill.

Recommendation: Sign.
