
OFFICE OF GOVERNOR RONNIE MUSGROVE
INTEROFFICE MEMORANDUM

TO: JUMPER
SCHEDULING TEAM

FROM: RILEY

SUBJECT: SEPTEMBER 29 LEADERSHIPPLENTY MISSISSIPPI LUNCHEON KEYNOTE ADDRESS

DATE 6/5/03

CC: FILE

The Pew Charitable Trust has chosen Mississippi as the first state to implement its new *Leadership Plenty* program on a statewide basis. *LeadershipPlenty* is designed to help communities develop grassroots leaders and to increase civic engagement within our communities. You may remember that the Governor spoke at *LeadershipPlenty Mississippi's* opening luncheon in April when the first class went through.

The second training session is scheduled for September 29-October 1 at the Hilton. Suzanne Morse with the Pew Charitable Trust has requested that the Governor open this session, as well, by speaking at the opening luncheon at noon on Monday, September 29.

I've explained to Suzanne that the campaign is about to take over scheduling, but that I'd submit this memo so that the request is in the file.

This will once again be a statewide audience comprised of 3-5 member teams from communities and organizations throughout the state who have applied and been selected to participate in *LeadershipPlenty Mississippi*. I certainly think he should speak, as it will once again put him before a statewide audience talking about the importance of leadership and civic engagement.
