This memo is for informational purposes only.

Mark Musick suggested that you send other SGA governors a packet of SREB materials related to some of the topics that will be discussed at the upcoming SGA meeting. As you will not be able to attend the meeting, I asked Mark to send the letters out on his letterhead stating that he is providing the materials at your request in your role as SREB Chairman.

The materials consist of SREB reports and briefing papers on the topics of higher education, financial aid for higher education students, and SREB's technology initiatives, including the most recent *Fact Book on Higher Education*, the executive summary of *Goals for Education: Challenge to Lead*, and the report *ACT and SAT Scores in the South*.
