

To: Members of the SREB Board and Legislative Advisory Council

The 2004 SREB Annual Meeting Will Be A First.
Plan Now To Be There

The 2004 SREB Annual Meeting will put you in a reserved seat at the opening session of America's largest, most comprehensive educational "happening" - - the SREB *High Schools That Work* summer conference.

On July 6, 2004, more than 6,000 persons will convene in Atlanta for a meeting unlike any in which most SREB members have ever participated. Scores, or hundreds, of educators from your state will be present. This is a meeting that must be experienced and is one, frankly, that SREB Board and Legislative Advisory Council members need to know about firsthand.

The SREB Annual Meeting will begin with a special opening session and an invitational dinner on July 6 that will give each Board and Legislative Advisory Council member the opportunity to meet with education leaders from your state who are involved in *High Schools That Work*.

The SREB Annual Meeting will be at Atlanta's most-recognized hotel, the Peachtree Plaza. Mark July 6 (noon) - July 8 (3 p.m.) on your calendar. On July 7 and the morning of July 8, we promise a meeting that will put important information about schools and higher education before you.

I hope you will mark July 6-8, 2004, on your calendar today.

RONNIE MUSGROVE
