

August 25, 2000

Honorable Thad Cochran  
U.S. Senate  
326 Russell Senate Office Building  
Washington, D.C. 20510

Dear Senator Cochran:

I am writing on behalf of the National Civilian Community Corps (NCCC). NCCC has requested approximately \$26 million in federal funding for its program, including \$5 million in new funding to open a campus on the Mississippi Gulf Coast.

NCCC's national service program is housed primarily on closed military installations and provides assistance to communities in the areas of environment, human needs, education and public safety. Corps members provide 1,700 hours of service during their ten-month participation in exchange for a \$4,000 living stipend and a \$4,725 college stipend. NCCC has provided assistance to Mississippi communities since 1995. Corps members assigned to the Gulf Coast campus would be trained in disaster response and could be deployed with the Red Cross, FEMA and the Mississippi Emergency Management Agency to aid victims of hurricanes, tornadoes and other natural disasters in our state.

I would appreciate any assistance you can provide in Washington on behalf of NCCC's request for additional funding to open this Gulf Coast campus. Thank you in advance for your assistance in this matter and for the service you provide to the citizens of Mississippi.

Very truly yours,

RONNIE MUSGROVE
