The Governor will be spend some time talking with DHS employees at the county office in Bolivar. He will have time to listen to some of their concerns and thank them for the work that they do (sort of a quasi-town hall meeting for employees). He will be joined by Kenneth Gines (MASE Regional Organizer) and should be sure to recognize Kenneth and let employees know that Kenneth and Brenda Scott have a direct line to his office (to relay concerns, complaints, questions, etc.). Must let employees know that he cares about them, wants to listen, understands what they are faced with (overworked, cut budgets, etc.), and is sincere about trying to help.

Rica said that this is the office that we discussed possibly closing last year. Employees may still be sensitive to this, so Rica said assure them they are not closing.
