I noticed on the Governor's calendar where he has "events in northeast MS" scheduled from 8:00-9:45 a.m. next Thursday, August 29. I just wanted to throw out the idea of his maybe having breakfast with a group of superintendents or teachers in the area.

If we decided to go with this, we'd have to figure out what to do about the cost. It might be tacky if we invite a group and then ask them to pay for their own breakfast. Could Lamar Life pick this up?

Let me know what you think and if I need to take any further action. Thanks!
