

This week, we have seen another historic first for Mississippi. When other states across the nation are making dramatic cuts in education, Mississippi is showing the nation what it truly means to put education as the top priority.

During my State of the State, I asked the legislature to fully fund education and to do it now. The legislature this past Friday passed the bills that put education first and I look forward to signing both bills into law.

Tomorrow will be a truly historic day for Mississippi - our students deserve nothing less.

By putting our schools first, we have guaranteed the success of our children and our grandchildren.

By putting our schools first, we have put our communities first.

I'm Ronnie Musgrove, and this has been the Mississippi Minute. Thanks for listening.
