Dear «Prefix» «Last»:

Governor Musgrove has received your letter and asked me to respond to your comments about the “In God We Trust” bill. Governor Musgrove signed House Bill 51 on March 23.

This law is important because it gives students the opportunity to prepare for the school day with a moment of silence. It is also important for our young people to understand that America is a nation that believes in God and depends on God. “In God We Trust” appears on our money and is a testament to the fact that as a nation we put our trust and faith in God.

Thank you for taking the time to share your thoughts with us.

Very truly yours,

Kelly L. Riley
Policy Liaison
