

Script for the
United Negro College Fund Taping
December 10, 2003

For almost 60 years, the UNCF has been providing financial assistance to worthy, intelligent, and highly motivated young men and women across the United States and here in Mississippi at Tougaloo and Rust College. The UNCF lives it's slogan "a mind is a terrible thing to waste" every time another young person is allowed the opportunity for academic advancement. The UNCF is to be commended for being the oldest minority higher education assistance organization and for being proactive in investing in our communities, our young people, and their futures.
