Delta Regional Commission

While much of our nation, and part of our state, has experienced growth over the last decade, many Delta Communities have not participated fully in our newly found prosperity. We look forward to the great impact the new Delta Regional Commission will make on the people of the Mississippi Delta. With this Commission we are taking accountable action to make improvements that creates a culture ripe for growth.

Just as the Appalachian Regional Commission has addressed the chronic economic depression and poverty that existed in that part of the nation, and our state, the Delta Regional Commission can do the same. We have with us today the Director of the Appalachian Regional Commission Dr. Mabel Murphree. She is working to empower citizens and communities to enhance economic development and growth for Mississippians, and we appreciate her enthusiasm and hard work.
