

A rental car was obtained for the following reasons:

- 1) There were two people on this trip, Armerita Tell and Felicia Gavin, which would be \$120 from/to the airport.
- 2) The hotel had only one very high scale restaurant. This meant we would have to take a taxi to a restaurant for dinner at a cost of approximately \$20 per night for four nights and lunch at a cost of \$20 for one day (total of approximately \$200). Instead of going to lunch and dinner at different times, we decided to dine together and rent the car.
