**TO: GOVERNOR MUSGROVE**

**FROM: FELICIA GAVIN**

**RE: SB2370 COMMENTS**

**DATE: APRIL 9, 2002**

---

This bill provides standards and procedures for licensing individuals who have academic qualifications in specialty areas but do not have the usual education major courses to now obtain teaching licenses. The concept is very good and the regulations for the internship and licensing seem reasonable. Making these individuals eligible for William Winter and Critical Teacher Shortage benefits is good.

I recommend signing the bill.
