INTEROFFICE MEMORANDUM**

RE: SB 3071 COMMENTS

DATE: MARCH 18, 2002

This additional appropriation, \$42,000, is to defray the expense of the State Tax Commission resulting from the hiring of temporary workers for the Alcoholic Beverage Control warehouse during the holiday seasons of fiscal year 2002.

In my opinion, the commission should have better managed their expenses to cover this request. The holiday season comes the same time every year. The cost should not have been a surprise.

I suggest not signing the bill.
