Dear Superintendents of Schools:

=20

Please share this e-newsletter with leaders of each of your parent and =
teacher organizations, and with each of your school Principals and =
School Board.

=20

For 97 years, Mississippi PTA volunteers have worked to provide a =
statewide forum supporting our public schools, through thick and thin. =
We are an organization made up of generous and loving Mississippi =
parents, grandparents and teachers.

=20

One of the most important functions we offer is providing a forum for =
discussion of current education issues, and to advocate for improving =
our children's education.

=20

I believe that our most productive activity last year was providing a =
venue for Governor Musgrove to launch his successful "early, full =
funding of public schools", which resulted in an historic 62% of our =
state budget committed to education, K-16. We served lunch to 150 =
parents, teachers, and legislators at Galloway United Methodist Church, =
across the street from the Capitol. We had excellent press coverage, =
carrying his bold message across our state.

=20

We need your help. This is not an election year, so our public officials =
may not be quite as responsive as they were last year.

=20

We need parent representation (PTA, PPS, and PTOther) from every school =

district in Mississippi, to hear our new Governor, the Honorable Haley =
Barbour, launch his education initiative. We need for Governor Barbour, =
Speaker McCoy, and Lt. Governor Tuck, and all of our elected leaders to =
know that parents and teachers are paying attention. We need for our =
parents to be empowered to be effective advocates for our children and =
our schools.

=20

Please do your share by sending delegates from your District to the MDE =
in Jackson on wednesday, January 7, 2004. And thank you for your work in =
behalf of our children.

=20

Sincerely,

=20

Mary Sloan (John's Mama) =20
