Mr. Weeks and Mr. Long: Read the below article and see if I left anything out. This article will be E-mailed out tomorrow and I feel you two should get the first reading.

Thanks,

Steven A. McCaleb

I find it odd at how our Gulf Coast Newspaper (The Sun Herald), and our Television Station (WLOX-TV 13/ABC) can disregard one person's interest in attempting to get his word out on how he got screwed out of money and tools by three attorneys, Donald Rafferty, Michael Channing Powell, Reilly Morse and others. I am talking about Mr. Ronald Weeks, The Sun Herald and Mr. Leon Long, WLOX-TV 13/ABC. These are the two outstanding individuals of our community which rather than help the person by investigating the Wildlife Rehabilitation and Nature Preservation Society or WRANPS for short. I have requested over and over and over for their help but my request fell on deaf ears. Why, could it be because their are three attorneys and the Mississippi Bar Associations involved? Maybe its because WRANPS is located on land owned by University of Mississippi (USM), Director, Horace Fleming. Maybe its because they are personal friends with Mr. Ben Clark, the corrupt Director of the Harrison County Building Code Office, located on Community Road off Hwy 49. Maybe its because they are friends with the President of the Mississippi Power Company. Maybe it because they are real, real, good friends with all of the corrupt people I have stated above. Here we have two leading citizens of our wonderful community on the Mississippi Gulf Coast. And we also know the level of power these two fine upstanding leaders in our community have being the only Newspaper and Television station on the Mississippi Gulf Coast. So, now it has been determined that our two leading citizens are also our two most corrupt leading citizens on the Mississippi Gulf Coast by nature of there position. So who am I, as far as our two corrupt leading citizens and all of the others, I am no one. And when you read my Web Page and Link you will understand what I have been saying to you. All I have ever asked for was the money owned to me and the tools WRANPS stole from me. But as we know in Mississippi it's whom you know not what is right and just.

I asked that you read the web page and link and send me an e-mail letting me know what you would do in a case like this.

Thank you,
