**Thank You America**

Dear America...Our nation pauses this week of June to remember all of America's Kids. But we also want to take a moment to first reflect on the great losses we have suffered as a nation in the loss of children through violence, drowning, murder & abductions. Our hearts grieve for all the parents, families and friends who are enduring such a great loss. Our hearts go out in deepest sympathy to all who face this horrible tragedy. We will always remember that these could have been our children, grandchildren or teenager. Many children & teens are also missing from either abduction, murder or are runaways. Our nation grieves for all the families & those who have lost a child. There will always be an empty space in their heart where once a child use to be. We will help them to keep their spirit alive forever in their hearts & in the lives of all Americans. For these are all America's Kids... Our prayers & thoughts are with you one & all...
