Message: I am appalled at the low wages and benefits our State Troopers receive during their first years of service...compared nationwide...these Troopers endure more...poverty in a greater degree just to serve our state...many work two and sometimes three jobs in addition to their duties as a uniformed officers of the State of Mississippi...just to survive...this is not good for the State, not good for our Troopers nor good for the citizens of this state or its image...who in Jackson will take up the leadership to bring pay and benefits for our Troopers up to a decent level...these are our sons/daughters-brothers/sisters...lets treat them fairly...there is money to be had...it just needs to be directed properly!!!
