

Summary-Mississippi-for US Industry Today Magazine

A new vision drives economic development in Mississippi, one that fuels innovation and a sense of urgency to mobilize all available resources to meet the needs of businesses and industries considering relocation or expansion in Mississippi. Through Advantage Mississippi, a strategic economic growth plan developed by the Mississippi Development Authority and Governor Ronnie Musgrove, and enacted by Mississippi legislators, Mississippi attracts business and industry by offering tax breaks, employee training, a solid infrastructure, university resources and research and government support. Mississippi has much to offer as it emerges as America's state of promise.
