**NATCHEZ-ADAMS COUNTY DEVELOPMENT AUTHORITY AWARDED
ECONOMIC DEVELOPMENT MARKETING MATCH GRANT**

JACKSON, MS – Governor Ronnie Musgrove recently announced the latest round of Economic Development Marketing Match Grants. The Natchez-Adams County Development Authority in Natchez, MS, was among the awardees.

“This grant is one important part of how the state of Mississippi supports municipalities and counties,” said Governor Musgrove. “We work continually to assist local officials in reaching their goals for stronger communities.”

The Natchez-Adams County Development Authority receives \$5446.50, to be used with their web page.

The Economic Development Marketing Match Grants Program, administered by the Community Services division of the Mississippi Development Authority (MDA), assists nonprofit economic development entities in marketing regions of the state and communities as a site for business and industrial development. The goal is to enhance the marketing of the State of Mississippi by enabling regions and communities to market themselves.

To be considered for funding, projects must have a definable impact on business and industrial attraction or retention. Projects should take a regional approach rather than focusing on a single community. Eligible applicants include nonprofit economic development entities that serve at a minimum countywide.
