Governor Musgrove Attends Groundbreaking for Continental Carbonic in Brookhaven

(Brookhaven, MS) – Governor Ronnie Musgrove attended a groundbreaking ceremony today in Brookhaven for Continental Carbonic Products, Inc. Brookhaven Industrial Park is the site for the new facility.

“Today’s groundbreaking is another indication that Mississippi is moving ahead during tough economic times,” Musgrove said. “We know the state has a business-friendly environment, and we’re working hard to bring in more companies like Continental Carbonic.”

The company, which manufactures dry ice, is investing \$10 million in the 18,000 square foot facility. A total of 45 new jobs will be created.

“This shows that Mississippi is an excellent place to do business, and I’m proud to welcome Continental Carbonic as our newest partner,” said Musgrove.
