Governor Musgrove Presents Community Development Block Grant to D'Iberville

(Jackson, MS) – Governor Ronnie Musgrove today presented the City of D'Iberville with a check in the amount of \$450,000 for the extension of water service in the city. The funds were made available through a Community Development Block Grant.

“The Mississippi Gulf Coast area is one of our state’s greatest resources, and we have to invest in the infrastructure of the area to keep it strong,” Musgrove said. “These funds to extend water service will strengthen the community and assist in economic development efforts.”

Community Development Block Grants are issued through the Community Services Division of the Mississippi Development Authority.
