Governor Musgrove Visits Canton WIN Job Center

Canton, MS – Governor Ronnie Musgrove visited the Canton Workforce Investment Network (WIN) Job Center today. The WIN Job Centers, located around the state and managed by the Mississippi Development Authority, provide one-stop employment and training services for employers and job-seekers.

“This program combines federal, state and community workforce programs into one location,” Musgrove said. “At WIN Job Centers like this one, employers and hopeful employees can get assistance in education, training, human services and economic development.”

Musgrove said the state needs to strengthen its investment in workforce training as part of its effort to compete with other areas for economic development projects.
