Governor Musgrove Announces Value Line Company Manufacturing Plant in Leakesville

(Jackson, MS) – Governor Ronnie Musgrove, the Greene County Board of Supervisors, along with the President and CEO of Value Line Company, Hal Kidd, announced today that the company plans to open a furniture production operation in the Greene County city of Leakesville. The plant will employ up to 125 workers by next spring.

“It is crucial to invest in the people of Mississippi today for dividends tomorrow,” said Musgrove. “Over 100 jobs in Leakesville is just as important as 5,000 jobs at Nissan in Canton. Today’s announcement is another indication that Mississippi is moving ahead in spite of tough economic times.”

Value Line Company produces case goods such as box and mattress frames for large hotel chains. The company also has a number of military contracts.
