

Future Pipe Statement for press Release – 09/11/03

"Future Pipe's location in Mississippi is further evidence that a strong business climate exists in our state. We have proven that we can compete in the global marketplace and will continue in our efforts to bring quality, high paying jobs to our citizens," Governor Musgrove stated. "The fact that Future Pipe is expanding before the first product is even produced is a very strong statement about their belief in Mississippi and in our workforce."
